

Welcome to Timeout!

Click here to minimise the slideshow or click and drag to rearrange items

- If possible, please use Chrome or Firefox as your browser
- You may use webcams with less than 5 participants, provided they are set to "low quality". Otherwise, restrict camera use to 1-2 people to reduce the load on our systems.
- The session may be recorded by the host, and this will be indicated by a timer
- You can upload your own presentation, which you may annotate live
- Please report all errors and queries to support@srcf.net
- Current documentation including tips, examples and other useful information is available at <https://docs.srcf.net/timeout>
- If you find Timeout useful, consider donating to us at <http://srcf.net/donate>
